MAYOR TAKES CHARGE

Heads Police in Putting Down Riots at Paterson.

GIVES STERN ORDERS

Tells the Police if They Cannot Use Clubs Effectually to Resort to Guns—All Employes Working Are Armed With Pistols.

Paterson, N. J., June 19.—Mayor Hinchcliffe took personal command of the police of the city today. He was much displeased that the meeting of the strikers Tuesday night was not broken up, it was at this meeting that speeches were made which he believed to have led to the disorders. The mayor went to police headquarters and had all men of the reserves lined up in front of him. Then he said: "Men, if your clubs prove useless, you know what to do. Be aggressive from the start."

Ten silk mills opened for work this morning. Every employe was provided with a revolver and ammunition.

Dye-house owners are willing to start operations, but their men refuse to go to work as they feared violence at the hands of the strikers.

The police had a slight encounter with a body of strikers and their sympathizers later in the day, but nobody was seriously hurt.

MOB AT PATERSON.

A Number of Persons Shot, Two Being Fatally Wounded.

Paterson, N. J., June 19.—This city was in the hands of a mob Wednesday and as a result of the riots a number of persons were shot and two at least will die.

The police did their work well but they were so few in number that they could make little headway against the mob.

Mills were wrecked with stones and bullets by the striking silk operatives. There were threats to resort to the torch but so far the mayor hesitates about asking for troops.

There seems to every indication that the riot was the result of a pre-arranged plan to involve the would-be peaceful element in the affair from the start. Among the leaders of the trouble was a man named McQueen and another named Gallani, the former an Englishman and the latter an Italian.

Philippine Government Bill.

Washington, June 19.—Attendance both upon floor and in the galleries of house was larger than usual in anticipation of opening debate upon Philippine civil government bill. The house adopted a number of conference report. Senate amendments to bill to refund taxes upon legacies, etc., also concurred in.

False Branding Prohibited.

Washington, June 19.—The conference report on the bill to prevent the false branding of food or dairy products was agreed to.

Agreed to Postponement.

Chicago, June 19.—Government attorneys and railroad lawyers at a conference here have decided upon October 13 as the date for the hearing in the interstate commerce cases, which were to commence next Monday before Judges Grosscup and Phillips. The railroad officials agreed to a stipulation to keep the temporary restraining order in force.

Louisiana Cattle Not Wanted.

Chicago, June 19.—Special to Record-Herald from Baton Rouge, La., says Governor Heard has been notified by the British consul that Louisiana cattle will be shut out of South Africa. This action is believed to be in retaliation for Heard's protest to the state department about mule shipments and operations of the British military camp at Chalmette.

Captured by Revolutionists.

Willemstad, Curacao, June 19.—San Felipe, capital of province of Yaracuy and Yaritagua, province of Lara, has been taken by the revolutionists. At Valencia, capital of the state of Carabobo, a fight took place Saturday night, June 14, in the heart of the city. The decomposition of President Castro's government progresses daily.

Taft Toasts the Pope.

Rome, June 19.—Judge Taft, civil governor of the Philippine Islands, and the Americans who are with him, were lunched at American college. Judge Taft toasted the pope and the president. Rector, Rev. Dr. Thomas F. Kennedy, and students responded with hearty cheers.

dos and Hildreth's McChesney, injured in "Derby Trial Special" at Harlem Wednesday, and carrying lot of money in winter books, will not start Saturday when American derby is run at Washington Park.

THE CALL ISSUED.

Five Workers of America to Meet at In-
dianapolis on July 17.

Indianapolis, June 19.—An official
call for a national convention of the
United Mine Workers of America was
issued Wednesday evening from the
national headquarters in this city
by Secretary-Treasurer Wilson. The
convention will meet here July 17
to determine whether the soft coal
miners of the country shall go on
strike to assist the striking anthracite
miners.

The basis of apportionment of dele-
gates to the convention is one for ev-
ery hundred members of the United
Miners' union. This will make a con-
vention of 1000 delegates. The voting
strength of locals is between 2300 and
2400. Of this the convention will have
a voting strength of from 1700 to 1800.
A little over 900 can declare a strike.
The three anthracite regions cast 747
votes. Virginia and Michigan, which
joined in the call for the convention,
have 52, making 799 votes from these
five districts which united to call the
convention.

As stated at headquarters, conditions
are not satisfactory to miners in Mis-
souri, Kansas, Arkansas and Indian
Territory, and it is believed the dele-
gates from those sections will vote for
a strike.

It is not considered likely, however,
that a general strike will be agreed to
by the convention without a fight. The
four states in the interstate agreement
—Indiana, Illinois, Ohio and Pennsylv-
ania bituminous fields—it is believed,
will stand together to oppose such
movement. They are thought to be
organized pretty thoroughly in this
purpose, but that the backers of the
general strike will come dangerously
near controlling the convention is not
disputed even by the opponents of the
plan.

New Line of Steamers.

New York, June 19.—A new steam-
ship service between New York and
north Brazil has been decided upon by
the Hamburg-American Steamship
company. At the outset the sailings
will be monthly, but additional boats
will be put on the line as soon as the
freight offerings justify such a course.
The first boat of the new service—the
steamship Hungarian—will sail on July
3. The steamers will return to New
York as the service is entirely distinct
from the service the company has at
present in operation between Ham-
burg and northern Brazil ports.

Heirs to a Fortune.

New York, June 19.—Stephen Ugholy
and his sister, Mrs. Marie Ugholy-
Beere, of Brooklyn have become heirs
to the fortune of Joseph Ugholy, their
uncle who is said to have died four
years ago in Buda-Pesth, leaving an
estate of \$3,000,000 accumulated in the
oil region of western Pennsylvania.
Ugholy is a shoemaker and Mrs. Beere's
husband is employed in a piano fac-
tory. Brother and sister have been in
this country twelve years.

Narrow Escape Made.

New York, June 19.—Thomas Burns,
W. C. Whitney's jockey, and a woman
companion narrowly escaped death by
drowning in Sheepshead bay. Burns'
naphtha launch exploded. The rescue
was effected in the sight of two thou-
sand and excited summer colonists by Thom-
as Osborn, the Democratic leader of
Sheepshead Bay, and the clerk of the
Coney Island police court and Andrew
Jamieson.

Michael Dies of Wounds.

Oklahoma City, O. T., June 19.—W.
T. McMichael, who shot and killed E.
W. Johnston as the result of a con-
tested land claim, died Wednesday. E.
E. Brown of the Times-Journal was
arrested and is being held without bail
until it is determined what the coron-
er's jury will do.

Mont Pelee in Eruption.

Fort de France, June 19.—A column
of slime 100 metres high, has been
ejected from the volcano of Mont Pelee
and has fallen on Basse Pointe, en-
veloping the lower portion of the town
and completely razing 22 houses. No
loss of life is reported.

Library for Rutgers College.

New Brunswick, N. J., June 19.—At
the annual meeting of the board of
trustees of Rutgers college it was an-
nounced that Ralph Voorhees of Tren-
ton, uncle of former governor Foster
M. Voorhees, has given \$50,000 to the
college to build a library.

President's Son Gets a Prize.

New York, June 19.—Theodore Roose-
velt, Jr., of the second class was award-
ed a prize for punctuality at the grad-
uating exercises of the Groton school,
says a Groton, Mass., special to the
Herald. Miss Alice Roosevelt, his sister,
was present.

Big Reward Offered.

Raleigh, N. C., June 19.—Governor
Aycock has offered rewards aggregat-
ing \$30,000 for the arrest and convic-
tion of unknown persons who took the
two Gillespies negroes for the jail at
Salisbury and lynched them.

No Action Taken.

Washington, June 19.—The Repub-
lican senators held a conference
Wednesday on the subject of Cuban
reciprocity, and after a flood of short
speeches adjourned until next Friday
without action of any sort.

Clark to Be Advanced.

Washington, June 19.—At the ex-
ecutive session of the senate the nom-
ination of Capt. C. E. Clark to be ad-
vanced seven numbers and made a
rear admiral was confirmed.

Vice President Tobar Dead.

New York, June 19.—A Guatemala
dispatch says Manuel M. Tobar, vice-
president of the republic, died Monday
at noon. The cause of his death is
not stated.

H. L. Stuart came up from Houston yesterday and was met at the depot by members of his family who confidently expected him to bring a bride home with him. The reason for this was that yesterday's Houston Post contained the announcement of the marriage of H. L. Stewart, a party of the same name, but Hammett says an entirely different man.

A Hearne special says: "Civil Engineer Remond Adams, with his helpers, who have been making a survey from Stone City, the terminus of the Hearne and Brazos Valley railroad, to Brenham, arrived in the city this morning on business. Mr. Adams has been busy the past few weeks in locating a route for the new extension, which will penetrate some of the richest territory in this part of the state."

FRENCH BUYS KATAL.

Purchased for a Naval Hospital from China and British Protestants.
Tacoma, Wash., June 19.—Telegrams received at Yokohama just before the Victory sailed, announced the French had purchased the promontory of Katal in the vicinity of Hong Kong. The point was secured for the purpose of establishing a naval hospital for use of the French fleet in Oriental waters. This promontory commands the approach to Libton bay and a part of Hong Kong harbor. The English at Hong Kong are much disturbed and have protested to the Pekin government that the sale should not have been made. It is feared the French will forfeit Katal as French have lost no opportunity during the past three years to strengthen their position in southern China.

MURDERED BY NEGROES.

One Man Shot Dead and Two Made to Jump from a Train.
St. Joseph, Mich., June 19.—Two negroes and four white men boarded a fruit train here late Wednesday night, going south. At Bridgman one of the white men displayed some small change which caused an altercation. The negroes drew guns on the white men, two of whom jumped from the train. The third gave up with the money he had. The fourth refused to disgorge and was shot dead by the negroes, his body being thrown from the train at Lakeside, while it was running thirty-five miles an hour. The two negroes were captured near New Buffalo.

Hill Mystery Still Unsolved.

Los Angeles, Cal., June 19.—The story published in this city of alleged solution of the mystery surrounding Charles Hill, who died here recently leaving a fortune of \$142,000 in cash, is without foundation. Attorney Moss will exhume the body for the purpose of ascertaining whether there are any scars on the body and if so to take special description of them. If there are distinguishing marks they will be kept a secret and the real heirs, whoever they may be, will have to describe them fully before they can establish any claim to the estate.

Reducing Soft Coal Production.

Wilkesbarre, Pa., June 19.—Now that the call for a special national convention has been made for July 17, it is not expected there will be any very important developments in coal strike situations until that time. Not likely, however, some of the bituminous districts will take action similar to that of the central Pennsylvania districts which decided to cut down soft coal production from that territory one third. More soft coal is coming into the anthracite market from that section than labor leaders expected, and they will make a special effort to reduce the output.

A Boy Kidnaped.

Brigham, Utah, June 19.—Nelson Anderson, Jr., the 17-year-old son of a prominent merchant has disappeared, and his straw hat has been found with the following note pinned to it: "Your son is kidnaped and we demand \$5000 for release, to be paid by the waterfall east of Brigham, or his legs and arms will be cut off and he will be killed. We mean every word we say. CHAIN GANG ROBBERS." The sheriff was immediately notified and search for the lad instituted, but no trace of him has been found.

Prisoner Attempts Suicide.

Gainesville, Tex., June 19.—A prisoner about 30 years of age tried to commit suicide in the city calaboose by hanging himself with his suspenders. He took his suspenders and tied one end of them around the iron bars of a window and the other end around his neck. He was discovered by the officers a short time after he had hanged himself, and when cut loose by them was almost dead.

Mexican Woman Murdered.

Monterrey, Mex., June 19.—Mrs. Miguel Zapata, a woman 65 years of age, was found murdered in the patio of her home, near the Lourdes church. Her head had been chopped and beaten into a mass of bloody flesh and bone with an axe.

Drouth Affecting Mining.

Monterrey, Mex., June 19.—Mining men returning from Sonora say the three years of drouth is seriously hindering prospecting and mining in that state. This is particularly true on the west slope of the Sierra Madre and to the westward.

Congressman Fox Married.

New York, June 19.—A. F. Fox, representative in congress of the Fourth Mississippi district, and Miss Annette Brandon of Thomasville, Ga., were married in this city at the First Presbyterian church.

LEFT WITH PRESIDENT

He Can Take Either Route for the Isthmian Canal.

SPOONER PLAN TAKEN

Mr. Richardson in the House Arraigns Republican Party for Not Keeping Platform—No Decision on Cuban Reciprocity.

Washington, D. C., June 19.—When the senate convened today, Morgan presented the following letter he had received from Secretary of State Hay concerning the point based on Isthmian canal debate by Kittredge of South Dakota.

"I am requested by the minister of Costa Rica to inform the committee on interoceanic canals that he has been instructed by his government that Costa Rica is prepared to take necessary steps to put themselves in a position to negotiate with the government of the United States a treaty for appropriate concessions of Isthmian canal on terms substantially as proposed by the government of the United States."

The communication was laid on the table.

Mr. Spooner offered formally his amendment as a substitute for the pending so-called Hepburn Nicaraguan canal bill.

The senate adopted the Spooner amendment to the Isthmian canal bill, giving the president the power to select the route.

Washington, June 19.—Interest in the Isthmian canal question increases as the time for a final vote in the senate approaches. The senate devoted practically its entire session Wednesday to consideration of the canal question.

Extended speeches were delivered by Mr. Spooner and Mr. Hanna in advocacy of the Panama route and Mr. Pettus advocated the Nicaragua route. Mr. Taylor briefly announced his support of the Panama project, while Mr. Jones of Arkansas, indicated his leanings toward the same route.

Final vote will be taken this afternoon.

When the senate convened Mr. Allison called up the house resolution providing that the conference committee on the sundry appropriation bill be authorized to consider and recommend the inclusion of necessary appropriations to carry out the several objects authorized in the omnibus public buildings bill, and it was agreed to.

A bill to restore to the active list of the Navy Surgeon John Walton Ross as medical director was passed.

A resolution offered several days ago by Mr. Carmack directing the civil service commission to inquire into the discharge from the war department of Miss Rebecca J. Taylor, for the publication of articles in newspapers criticizing the president, was called up and Mr. Carmack addressed the senate in support of the resolution. He intimated that she was discharged "because she took the wrong side of the Philippine question from the administration point of view."

The House.

Washington, June 19.—The near approach of the end of the present session of congress was signalized by a general political speech by Mr. Richardson of Tennessee, the leader of the minority. Taking advantage of the latitude allowed during the general debate of the deficiency appropriation bill he delivered a set speech of an hour and a half. He arraigned the Republican party for its failure to keep its platform promises, dwelling especially on the subjects of tariff reduction.

Mr. Shallenberger, Democrat, of Nebraska, also made a political speech, condemning the administration for removing Miss Taylor, a clerk in the war department for criticizing its Philippine policy and for justifying Gen. Wood's expenditure for the promotion of reciprocity legislation.

Mr. Cannon, chairman of the appropriation committee, in a brief reply to both speeches said he was ready to go to the country on the record of the Republican party. He caused much merriment on his side of the house by describing the Republican party as pulling the wagon while the Democrats stood off and found fault.

Mr. Bartlett, Democrat, offered an amendment to the deficiency bill to reimburse the Cuban revenues for the salary allowed by Secretary Root to Governor General Wood out of the Island revenues.

In the course of some remarks early in the session, Mr. Cannon declared that if he could have his way congress would adjourn sine die before July 4.

The general deficiency appropriation bill, the last of the supply bills, was passed.

Indian legislation was considered at the night session and the following bills were passed:

To ratify and confirm an agreement with the Choctaw Indians; to ratify and confirm an agreement with the Choctaw and Chickasaw Indians; authorizing the adjustment of the rights of the settlers on the Navajo Indian reservation in Arizona. The house at 10:45 p. m. adjourned.

SPOONER PLAN TAKEN

Mr. Richardson in the House Arraigns Republican Party for Not Keeping Platform—No Decision on Cuban Reciprocity.

Washington, D. C., June 19.—When the senate convened today, Morgan presented the following resolution: That he had received from Secretary of State Hay concerning the point based on Isthmian canal debate by Kittredge of South Dakota.

"I am requested by the minister of Costa Rica to inform the committee on interoceanic canals that he has been instructed by his government that Costa Rica is prepared to take necessary steps to put themselves in a position to negotiate with the government of the United States a treaty for appropriate concessions of Isthmian canal on terms substantially as proposed by the government of the United States."

The communication was laid on the table.

Mr. Spooner offered formally his amendment as a substitute for the pending so-called Hepburn Nicaraguan canal bill.

The senate adopted the Spooner amendment to the Isthmian canal bill, giving the president the power to select the route.

Washington, June 19.—Interest in the Isthmian canal question increases as the time for a final vote in the senate approaches. The senate devoted practically its entire session Wednesday to consideration of the canal question.

Extended speeches were delivered by Mr. Spooner and Mr. Hanna in advocacy of the Panama route and Mr. Pettus advocated the Nicaragua route. Mr. Taylor briefly announced his support of the Panama project, while Mr. Jones of Arkansas, indicated his leanings toward the same route.

Final vote will be taken this afternoon.

When the senate convened Mr. Allison called up the house resolution providing that the conference committee on the sundry appropriation bill be authorized to consider and recommend the inclusion of necessary appropriations to carry out the several objects authorized in the omnibus public buildings bill, and it was agreed to.

A bill to restore to the active list of the Navy Surgeon John Walton Ross as medical director was passed.

A resolution offered several days ago by Mr. Carmack directing the civil service commission to inquire into the discharge from the war department of Miss Rebecca J. Taylor, for the publication of articles in newspapers criticising the president, was called up and Mr. Carmack addressed the senate in support of the resolution. He intimated that she was discharged "because she took the wrong side of the Philippine question from the administration point of view."

The House.

Washington, June 19.—The near approach of the end of the present session of congress was signalized by a general political speech by Mr. Richardson of Tennessee, the leader of the minority. Taking advantage of the latitude allowed during the general debate of the deficiency appropriation bill he delivered a set speech of an hour and a half. He arraigned the Republican party for its failure to keep its platform promises, dwelling especially on the subjects of the trusts and the necessity for tariff reduction.

Mr. Shallenberger, Democrat, of Nebraska, also made a political speech, condemning the administration for removing Miss Taylor, a clerk in the war department for criticising its Philippine policy and for justifying Gen. Wood's expenditure for the promotion of reciprocity legislation.

Mr. Cannon, chairman of the appropriation committee, in a brief reply to both speeches said he was ready to go to the country on the record of the Republican party. Indian legislation was considered at the night session and the following bills were passed:

To ratify and confirm an agreement with the Choctaw Indians; to ratify and confirm an agreement with the Choctaw and Chickasaw Indians; authorizing the adjustment of the rights of the settlers on the Navajo Indian reservation in Arizona. The house at 10:45 p. m. adjourned.
